FOLPAK is an organizer of the transportation and the forwarding of goods in Poland and among European Union and eastern countries.

The FOLPAK company operates on the Polish and international transport market since the year 1992.

We are an organizer of the transportation and the forwarding of goods in Poland and among European Union and eastern countries.

Thanks to optimum planning and the organization of the work – we guarantee the speed and punctualness of taken commissions.

We reach every place in Europe thanks to the international network of partners of the logistic branch.

Our freight forwarding and transportation activity is secured by the following policies: freight forwarder's third-party liability insurance (OCS - OC Spedytora) and haulier's third-party liability insurance (OCP - OC Przewoźnika).

We carry out transports secured by the TIR carnet. We hold the licence for the international carriage of goods by road for hire or reward and the licence to carry out the national transport of goods (which authorizes freight forwarding services).

To guarantee our customers the best fulfilment of the order we also offer transportation and freight forwarding consulting services.

Served countries:
